GenCyber Cyber Security Camp Covid Policies

This camp is hosted on the campus of UTC, and will follow the Covid-19 guidelines listed here: https://www.utc.edu/academic-affairs/university-policies-and-procedures/administration-and-operations/interim-covid-19-related-policies. The pertinent points from the policy have been copied from the link above and are shown below for your convenience. For the purpose of this document, participants will be considered "Students".

Masks

- All Students, Employees, Contractors, and Visitors who are fully vaccinated persons are not required to wear face masks while inside of any University-controlled facility, except as otherwise provided in this document.
- All Students, Employees, Contractors, and Visitors should wear a mask in areas recommended by the CDC, including in health care facilities (e.g. University Health Services and the UTC Counseling Center) and on public transportation (e.g. the MOCS Shuttle).
- All Students, Employees, Contractors, and Visitors who are not fully vaccinated persons should wear face masks while inside of any University-controlled facility, including classrooms and other instructional spaces, with the exception of designated areas (e.g. Dining Services facilities, certain spaces within the Aquatic and Recreation Center) or areas without risk of interacting with others (e.g. private office, residence hall room).
- All Students, Employees, Contractors, and Visitors who are not fully vaccinated persons should wear face masks while outdoors on University-controlled property, except while in an area in which social distancing is being actively practiced and can be maintained without risk of interacting with others.
- All Students, Employees, Contractors, and Visitors may request disability related accommodations with regard to the use of face masks. Requests for accommodations must be requested and approved in advance by the Disability Resource Center for Students and the Office of Equity and Inclusion for Employees.

Social Distancing

- All Students, Employees, Contractors, and Visitors should maintain social distancing whenever possible, while present on University-controlled property, whether indoors or outdoors.
- For the purpose of our camp, Students will be assigned seating in room EMCS 201. Students will work in small groups throughout the week, and these groups will remain the same for the duration of the camp. Additionally, extra spacing will be created between groups within room EMCS 201.

Quarantine/Isolation; Immunization

- In accordance with CDC, State and Local health and safety guidelines for mitigating the spread of COVID-19, the Chattanooga-Hamilton County Health Department or the University may direct an individual Student, Employee, Contractor, or Visitor to quarantine or be in isolation for a period of time under certain circumstances, including when an individual Student, Employee, Contractor, or Visitor has tested positive for COVID-19, is exhibiting symptoms of COVID-19, or

has been exposed to or had close contact with an individual who has tested positive for COVID-19.

- Students, Employees, Contractors, and Visitors who are fully vaccinated persons may be exempt from quarantine.
- In particular, if you are not vaccinated, and you either are exposed to COVID-19, or have symptoms of Covid 19, you must leave campus immediately, and not return until you have a negative Covid test and have been cleared by the COVID-19 Campus Support Team. You or a UTC designee must submit a [COVID-19 Notification Form](#) if someone on campus is exposed to COVID-19 or having symptoms consistent with COVID-19.

Contact Tracing Efforts

- In accordance with CDC, State and Local health and safety guidelines for mitigating the spread of COVID-19, the COVID-19 Campus Support Team, in conjunction with the Chattanooga-Hamilton County Health Department, will contact individual Students, Employees, Contractors, and Visitors who have been or may have been exposed to COVID-19 and request information regarding their contacts with other persons.
- All Students, Employees, Contractors, and Visitors are required to promptly respond to and fully cooperate in good faith with the COVID-19 Campus Support Team and/or Chattanooga-Hamilton County Health Department in their contact tracing efforts.

Reporting

- All Students, Employees, Contractors, and Visitors who have visited University-controlled property within the preceding (14) days are required to report as soon as they become aware if they are or were (1) positive for COVID-19, (2) symptomatic for COVID-19, (3) exposed to a known case of COVID-19, (4) potentially exposed to a known case of COVID-19, or (5) have traveled internationally or via cruise ship.
- Information should be reported to the University via through reporting options made available by the University, including the online form (www.utc.edu/covid19notification) or a designated telephone hotline.
- Additionally, if you are going to be absent from the camp, you should notify Christy Waldrep (423-425-2256) in the Dean's office. If she is not available, please notify Eva Hunter (423-425-4349) in the Computer Science office. (You do not need to mention Covid status to Christy or Eva, just let us know about your absence).
